Life Link III is a comprehensive medical transport system, CAMTS certified. We provide transport for patients in Minnesota and throughout the United States. We are a non-profit consortium and members include: Allina Hospitals and Clinics, Children’s Hospitals and Clinics, Fairview Health Services, Hennepin County Medical Center, Regions Hospital, Sacred Heart Hospital, (Eau Claire, WI) and St. Cloud Hospital/CentraCare Health System.

Life Link III’s helicopter service provides on-scene emergency response and inter-facility transport. Our helicopters are equipped to handle any type of critically ill or injured patient. Flight crews consist of highly-qualified nurses and paramedics, specially trained in critical care, along with experienced EMS pilots.

Life Link III provides Special Transportation (Wheelchair), Basic Life Support (BLS), Advanced Life Support (ALS) and Critical Care inter-facility transport. Our ground operations are based in Minneapolis, MN, with a 911 base in St. Croix Falls, WI. Helicopters are based in St. Cloud, Hutchinson and Eden Prairie, MN; Rice Lake, and New Richmond, WI.

We have fulltime, part-time and casual positions available.

**MINIMUM QUALIFICATIONS**
- Current MN and WI RN license (both required at time of hire).
- Current Certifications: ACLS; BCLS; PALS or ENPC; BTLS; TNCC, FNATC or ATLS.
- NRP preferred.
- Three years experience adult ICU, CCU, or ED.
- Valid driver’s license.
- Two years driving experience.
- Must pass mandatory post-offer drug/physical agility/background/criminal record screening tests.
- Clinician must weigh 220 pounds or less (including gear).

Interested candidates must submit Life Link III’s application with resume, cover letter and copies of all credentials. An application can be downloaded from [http://www.lifelinkiii.com/app.pdf](http://www.lifelinkiii.com/app.pdf) and faxed to HR/612-638-4931. Please indicate your preference for work location(s).

Driver- Wheelchair Van

Link III is a comprehensive medical transport system, CAMTS certified. We provide Special Transportation (Wheelchair), Basic Life Support (BLS), Advanced Life Support (ALS) and Critical Care inter-facility transport for patients in Minnesota and throughout the United States via ground, helicopter and fixed wing ambulance. Life Link III’s ground operations are based in Minneapolis, along with helicopter bases throughout Minnesota and western Wisconsin.

The Special Transport Technician is responsible for the direct and safe wheelchair transportation of patients (and their belongings) to and from hospitals, clinics, nursing homes, assisted living facilities, and private residences by the use of a transport van. A lot of the transports are wheelchair bound clients, though assistance in transfers may be needed in to/out of the wheelchair and/or passenger seat/bench of the van, and walking up/down stairs with patients. Lift/maneuver patients while in wheelchairs in order to position and tie down wheels. Wheelchairs are "lifted" up/down stairs as well. Be able to lift and carry 50 pounds or more occasionally.

A Life Link III application must accompany all resumes. One can be obtained from the link below.

We have fulltime positions available–1.0 FTE, 40 hrs/wk, 8 to 12 hour shifts, Monday-Sunday, no overnight hours; contract, benefits eligible, $10.43/hr.

Requirements

- Minimum one year driving experience.
- Valid driver's license.
- Must pass mandatory post-offer drug/physical agility/background/criminal record screening tests.
- Must meet all DOT requirements covering position.

EMT- ST. CROIX FALLS, WI

Life Link III provides Special Transportation (Wheelchair), BLS, ALS and Critical Care inter-facility transportation. Patient care teams consist of Registered Nurses, Paramedics and EMTs; care teams are configured based on the needs of each patient. Our ground operations are based in Minneapolis, MN, with a 911 base in St. Croix Falls, WI, and five helicopter bases located throughout Minnesota and western Wisconsin.

We are seeking EMTs to work at our 911 St. Croix Falls location that also provides inter-facility transportation services. 0.9 FTE, 36 hrs/wk, (24 hr shifts - 12 regular/12 on call), noncontract, benefits eligible. Location address: Life Link III, 218 State Street, St. Croix Falls, WI.

MINIMUM QUALIFICATIONS

- Current MN and WI EMT certification (both required at time of hire).
- Current BCLS Certification.
- Valid driver’s license.
- 2 years driving experience
- Must pass mandatory post-offer drug/physical agility/background/criminal record screening tests.

Emergency personnel working for Life Link III are responsible for administering Basic Life Saving (BLS) and Advanced Life Saving (ALS) services to patients as requested. The emergency worker will arrive to the call by way of a transport van, ambulance, helicopter or fixed wing aircraft (depending upon circumstances). On average, emergency personnel will respond to approximately 8 calls during their shift and work in a team of 2 people. Typically personnel are involved in up to 2 scene calls per week.

**customer responses overwhelmingly rated the knowledge, professionalism and courtesy of our clinical crews at top levels. Responses included many comments about how much customers enjoy working with our crews.**
